

EasyFast™

Real-time PCR kits
for animal species
detection &
quantification

progenus

SMART
DNA
PARTNER

Coming from academic research, Progenus has been developing, for more than 18 years, a **solid experience in the field of DNA analysis** for food and animals. We offer a full range of services to **our partners for DNA research**. Based on our work, we develop and sell our own **DNA analysis kits** for the detection of animals, plants, microorganisms and allergens. Progenus is also well known for its **laboratory services**, such as meat traceability and detection and quantification of animal species in food.

CERTIFICATIONS
They trust us!

EasyFast™

Due to several crisis in the food industry we saw the necessity to react and developed EasyFast. It is a high quality DNA kit for the detection and quantification of a full range of animal DNA. **It uses real-time PCR for a rapid and reliable analysis.**

EasyFast™ CAN BE CARRIED OUT ON SEVERAL SPECIES

All
animals

The EasyFast kits are designed to make your life easier.

All the reagents are contained in the mastermix, you just need to add your DNA samples.

For meat-based products, you can even quantify the percentage of your target species without any dilution curve!

And
many
more
...

ADVANTAGES

- The **most sensitive kit** on the market (<0.0001%)
- **Easy quantification** for meat-based products
- **Easy to use** with its all-in mastermix format
- Detects all breeds of the targeted species
- No cross reactions
- Real internal standard (vertebrate probe)
- Compatible with IPC kit (available separately)
- Works on the most common Real-Time instruments
- Works on **any DNA extract**

ORDERING INFORMATION

REF.	DESCRIPTION	QTY
EFpig50	EasyFast™ Pig detection & quantification kit	50 tests
EFcow50	EasyFast™ Beef/Bovine detection & quantification kit	50 tests
EFhorse50	EasyFast™ Horse detection & quantification kit	50 tests
EFsheep50	EasyFast™ Sheep detection & quantification kit	50 tests
EFgoat50	EasyFast™ Goat detection & quantification kit	50 tests
EFchick50	EasyFast™ Chicken detection & quantification kit	50 tests
EFturk50	EasyFast™ Turkey detection & quantification kit	50 tests
EFdog50	EasyFast™ Dog detection & quantification kit	50 tests
EFrat50	EasyFast™ Rat detection kit	50 tests
EFfox50	EasyFast™ Fox detection & quantification kit	50 tests
EFvert50	EasyFast™ Animal detection kit	50 tests
